Walmart SOP: How to Back Up Your Walmart Items Data

08/29/2024 1:16 pm CDT

How to Back Up Your Walmart Items Data
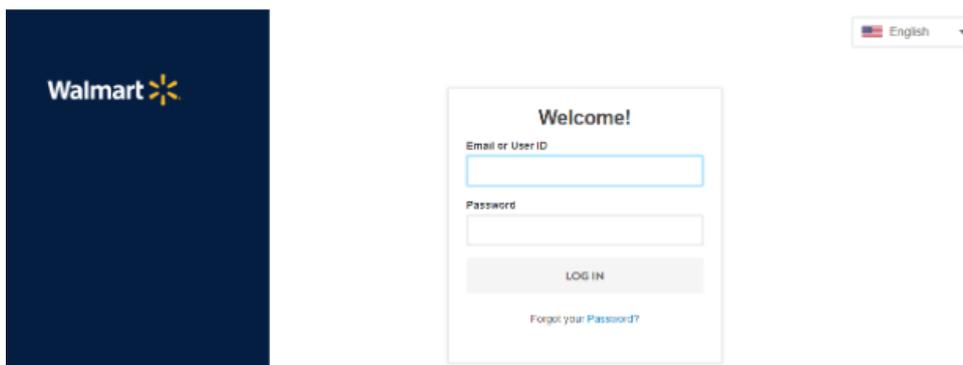

> ℹ️ **Who is this for?:** This backing up Walmart items data can be performed by a Walmart specialist or teams within the organization.

> ✅ **Objective:** The objective of backing up your Walmart items data is to ensure the preservation and protection of critical product information, inventory details, and other essential information related to your Walmart items.

Instructions:
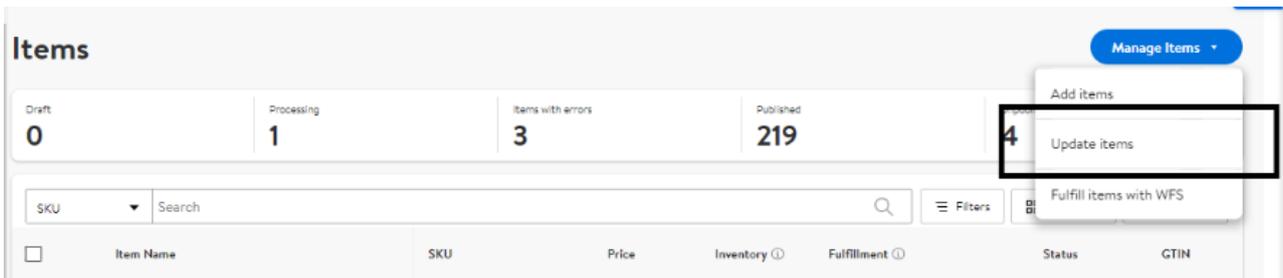

1. Log in to Walmart seller central account. Go to https://seller.walmart.com/

2. Determine the GTIN or UPC of the item that needs to be backed up.

3. Once GTIN is confirmed, choose Update items under Manage Items.

Items

Draft	Processing	Items with errors	Published	
0	1	3	219	4

Manage Items ▾
- Add items
- Update items
- Fulfill items with WFS

|	Item Name	SKU	Price	Inventory ⓘ	Fulfillment ⓘ	Status	GTIN

4. Choose the fulfillment type, select By GTIN Match, input the item GTINs in the box, and click the Match button.

Update items in bulk

Follow the steps below to update several items at the same time.

1. Select fulfillment type ⓘ
- ● Seller Fulfilled
- ○ Walmart Fulfilled

2. Select update method ⓘ
- ○ By Template (price, inventory, etc)
- ● By GTIN Match
- ○ By Category

3. Match up to 5,000 GTINs across 7 categories. A spec will then be created for you in Step 4 below.

003. `````96229

Match

5. Once you select Match, the system will verify the product IDs provided and if there are issues with the entries, you will see an error. Possible issues that will result in an error:
- Submitting items that are in more than 7 categories at once.
- Entering invalid GTINs*.
- Entering more than the 5,000 GTIN limit.

6. It may take time to process your request, depending on the number of items and categories you submitted, click refresh if needed.

Thank you for submitting the GTIN numbers.

The document will be processed now. It may take a few minutes. Please check the status of your document below. While you wait you can also match another set of items using GTIN.

Okay

4. Download, fill out, and upload your spec in below
