

Walmart SOP: Walmart Seller Center Account Audit

08/29/2024 1:19 pm CDT

Walmart Seller Center Account Audit

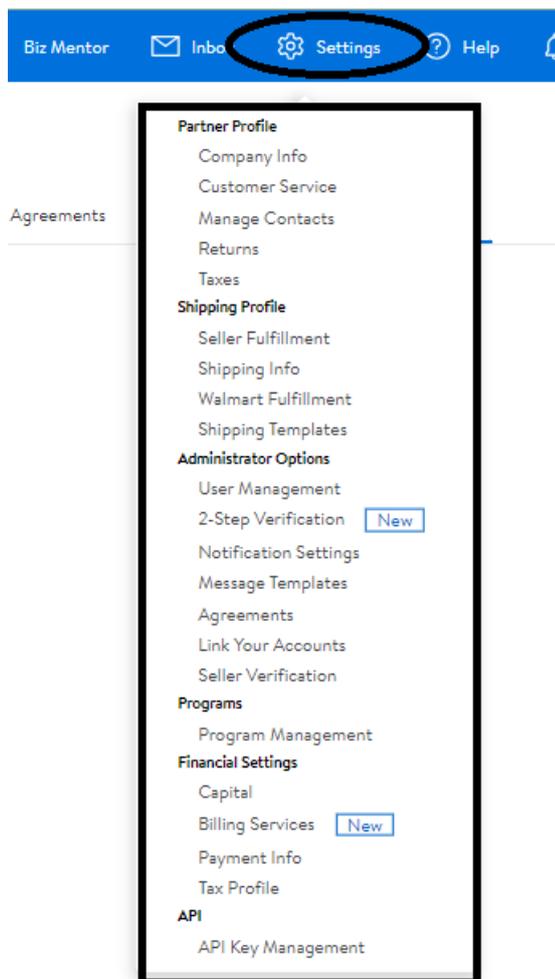

Who is this for?: This is done by Walmart specialists or by various professionals or teams, depending on your resources and requirements.

Objective: The primary objective of auditing a Walmart seller account is to ensure its overall health, compliance, and optimal performance on the Walmart marketplace.

Instructions:

1. To audit Walmart settings, click settings and check each section under the Settings.

2. If there is missing information, inform the seller about the details that are missing and need to be supplied, and notify them of the needed actions
