

Catalog SOP: Download an Exportable Inventory (US) Report

10/11/2024 11:23 am CDT

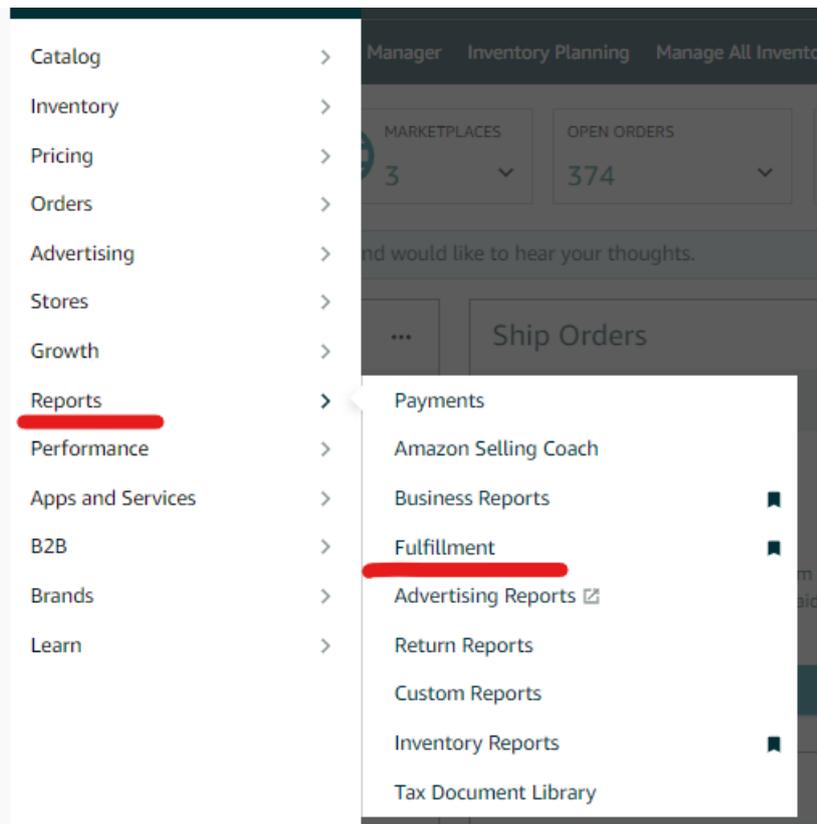

Who is this for? Intended for individuals or teams responsible for managing inventory.

Objective: To provide a set of clear and concise instructions to help users download an inventory report that contains a comprehensive list of items that can be exported from the United States. The report will include relevant information such as the name of the item, its description, quantity, location, and other relevant details necessary for the purpose of exporting.

1. To generate an Exportable Inventory Report, go to "Reports" and then select "Fulfillment".

2. From the Amazon Fulfillment Reports page, go to Inventory → Show more → Exportable Inventory (US)
