

# Catalog SOP: Set up European Fulfillment Network (EFN)

03/03/2025 11:33 am CST

**Who is this for?** For Amazon seller who is planning to expand their business internationally.

**Objective:** To successfully set up and implement the European Fulfillment Network (EFN) in order to efficiently manage and fulfill customer orders across the European region, while optimizing costs and improving overall customer satisfaction.

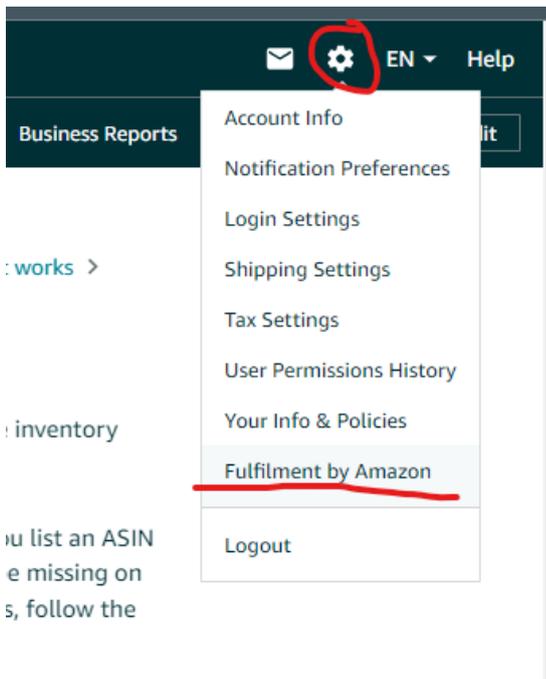

**European Fulfillment Network (EFN)** allow sellers with an Amazon Europe Stores account who are also registered for Fulfillment by Amazon to store their inventory in their local fulfillment center and fulfill orders coming from other European stores from the same local inventory pool, maximizing the control and flexibility that sellers have over their inventory.

Here are the 3 steps to expand your business internationally with the European Fulfillment Network between the UK and the EU.

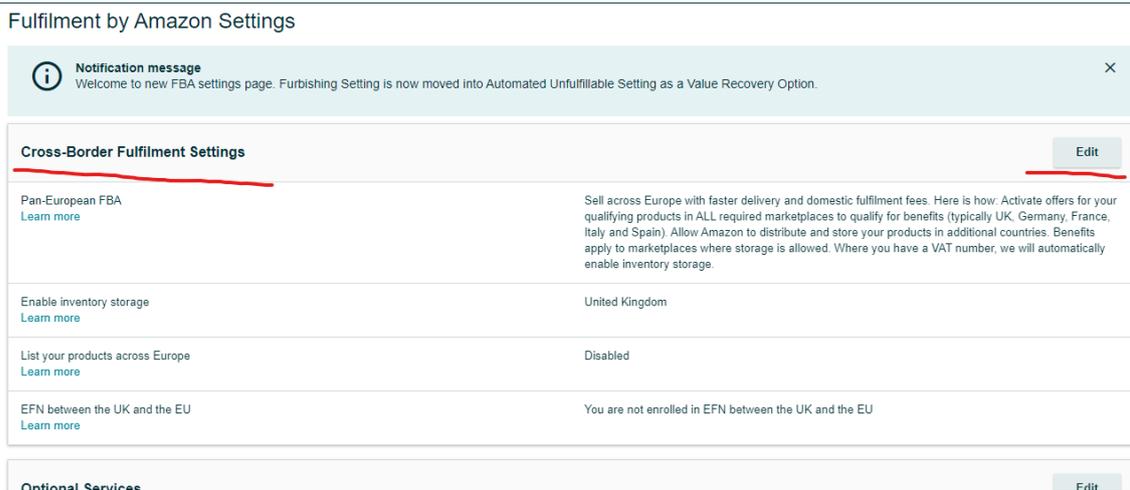

1. Enable the European Fulfillment Network between the UK and the EU
2. List your offers using the same SKU
3. Check the pricing of your offers

**Enable the European Fulfillment Network between the UK and the EU**

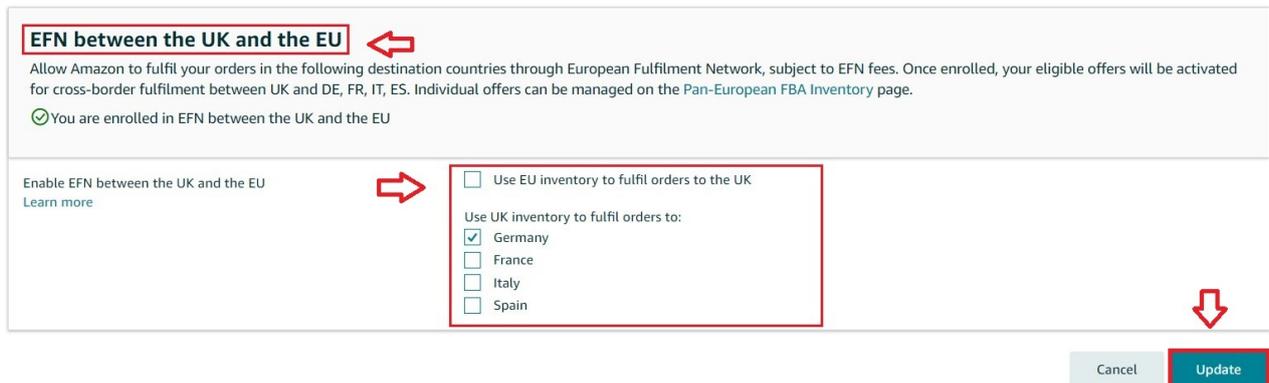

**Step 1:** To enroll all your eligible offers, go to Settings then click the Fulfillment by Amazon in the dropdown menu.

**Step 2:** In the Fulfilment by Amazon Settings page, look for the Cross-Border Fulfilment Settings. Click Edit.

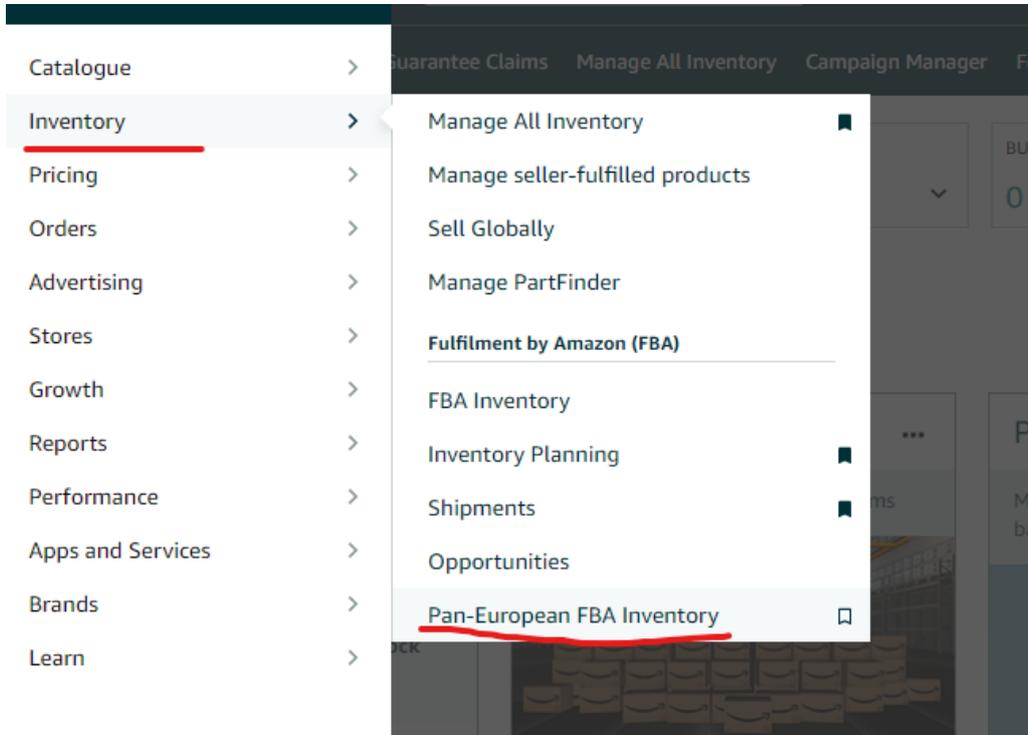

**Step 3.** In the EFN between the UK and the EU section. Check or uncheck the options of regions where you want to fulfill cross border orders and then click Update to store your preferences.

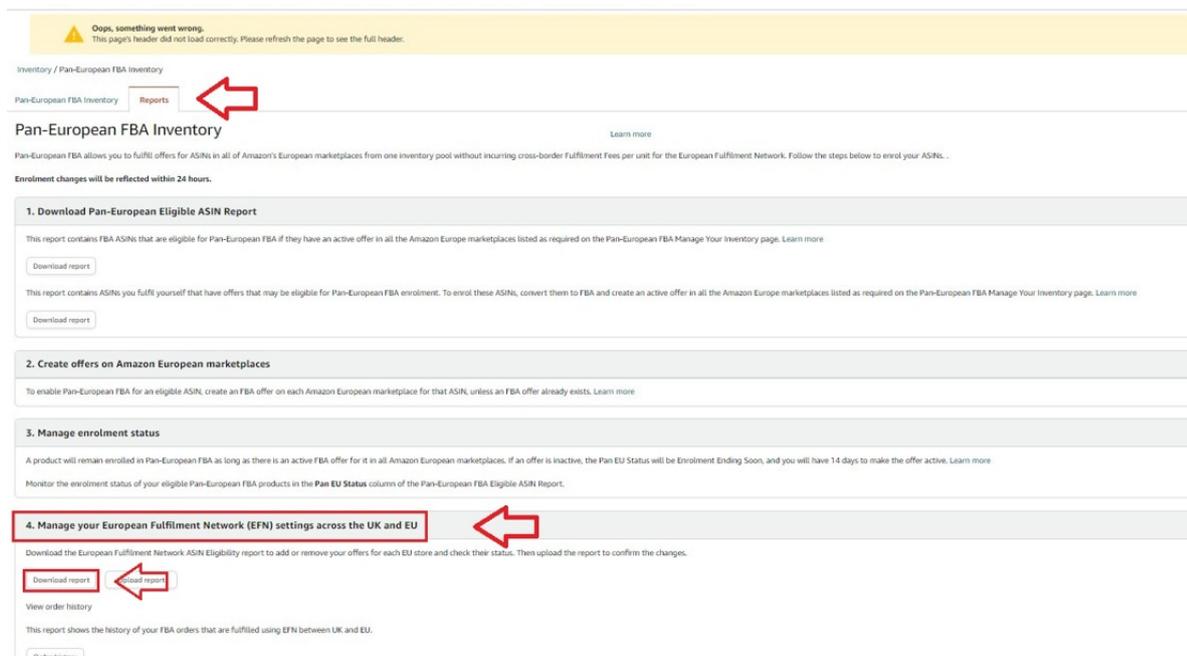

After your offers are activated, you can check their status and manage the enrolment by using the ASIN Eligibility Report on the [Pan-European FBA Inventory page](#). You can also access this page by going to:

**Step 4:** Go to the Inventory tab and then choose Pan-European FBA Inventory.

**Step 5:** In the Pan-European FBA Inventory page, go to Reports. Look for Manage your European Fulfillment Network settings across UK and EU and then Download the report.

**Step 6:** Download the European Fulfillment Network ASIN Eligibility report to add or remove your offers for each EU store and check their status. Then upload the report to confirm the changes.

#### 4. Manage your European Fulfillment Network (EFN) settings across the UK and EU

Download the European Fulfillment Network ASIN Eligibility report to add or remove your offers for each EU store and check their status. Then upload the report to confirm the changes.
