Overview

In Sellercloud, you can set up products as accessories for other products. This functionality is helpful:

- When you connect Sellercloud to a website where you display accessories on a product details page.
- When upselling, sales representatives can check for compatible products.

This feature is available only in Sellercloud's original interface.

Manage Accessories

Follow the steps below to manage your accessories.

Accessory Templates

You can quickly group multiple products as accessories for other products by creating an **Accessory Template**. If you need to set groups of products as accessories for other products, consider doing this first.

To create an accessory template:

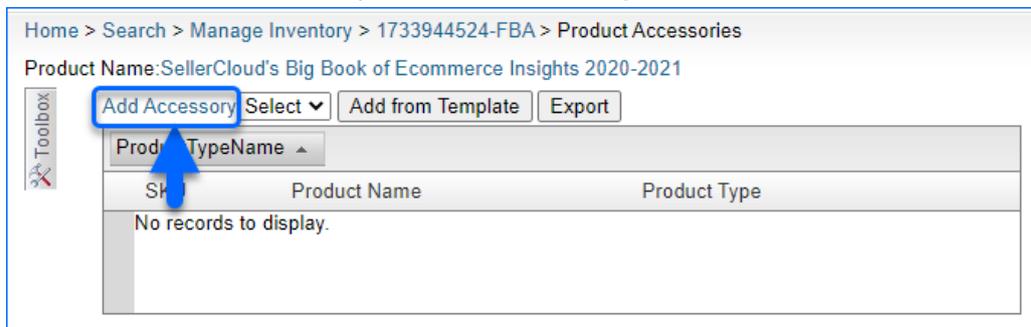

1. Go to your [Company Settings](#).
2. Click **Toolbox** and select **Product Accessory Templates**.
3. Type a **New Template name** and click **Create Template**.
4. Use the filters on top to search for specific products:
 - a. Type your search terms into the **Search For:** box.
 - b. **Search By** lets you search by product name, SKU, ASIN, UPC, etc.
 - c. **Company** lets you search by [company](#).
 - d. **Product Type** lets you search by [product type](#).
 - e. **Custom Columns** lets you search by [custom columns](#).
 - f. The checkboxes on the right let you exclude or include products.
5. To paste a list of SKUs and search for specific products:
 - a. Click **Show/Hide textbox to paste SKU list**.
 - b. Paste your list of SKUs, one per line, then click **Search SKUs**.
 - c. Alternatively, you can click **Search Using** to search by other parameters.
6. When the products appear, check the boxes to their left to select them.
7. Click **Add Selected**.

- The products are now grouped into an Accessory Template. You can now follow the steps in the next section to add them as accessories for other products.

Add Accessories to a Product

To add accessories to a product:

- Go to the product's details page.
- Click **Toolbox** and select **Accessories**.
- If you followed the steps in the Accessory Templates section, you can click **Select** to select a template and then click **Add from Template** to add the accessories listed in the template.
- To add accessories without a template, click **Add Accessory**.

- Use the filters on top to search for specific products:
 - Type your search terms into the **Search For:** box.
 - Search By** lets you search by product name, SKU, ASIN, UPC, etc.
 - Company** lets you search by [company](#).
 - Product Type** lets you search by [product type](#).
 - Custom Columns** lets you search by [custom columns](#).
 - The checkboxes on the right let you exclude or include products.
