

Unsold Inventory Report

04/30/2025 3:25 pm CDT

Overview

In this article, you will learn about Sellercloud's **Unsold Inventory Report**. This report lets you select a time period and shows you products that didn't sell, along with their quantities and costs. It only displays products with available inventory.

This report is excellent for determining if products are worth reordering or should be discontinued.

You can see the following information:

- **Products** – name and SKU.
- **Inventory** – beginning inventory, available quantity, reserved quantity, and physical quantity.
- **Value** – cost, cost type, and value.

For key points about Sellercloud's Inventory reports, see the [Inventory Value Reports Overview](#).

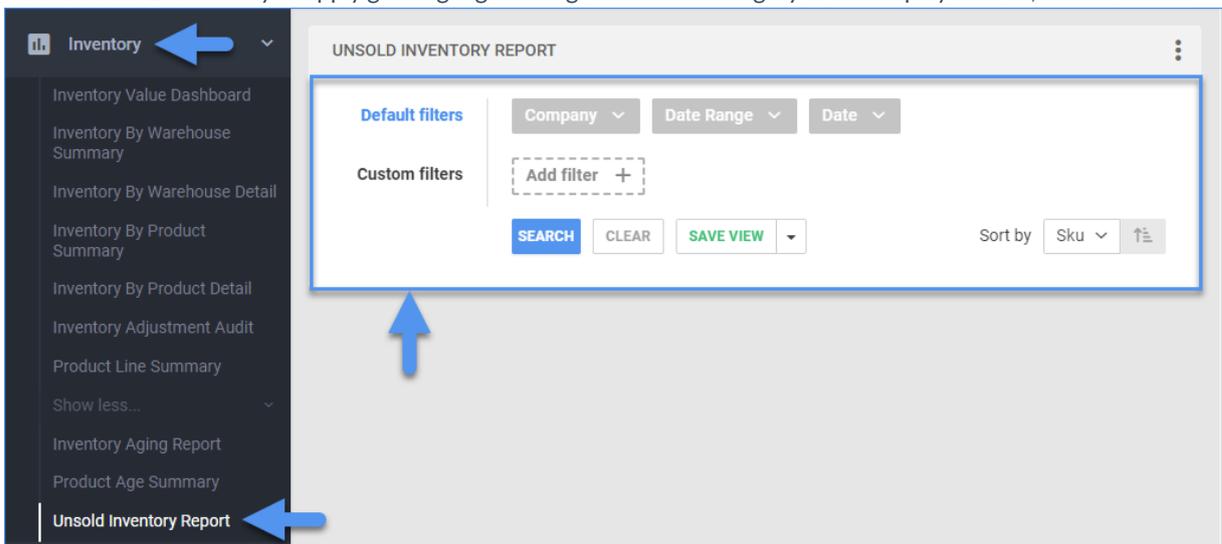

You can run this report automatically on a regular basis with [Scheduled Tasks](#).

For more information about Sellercloud's Financial Reporting Suite, see the [Reports FAQ](#).

Access and Customize the Report

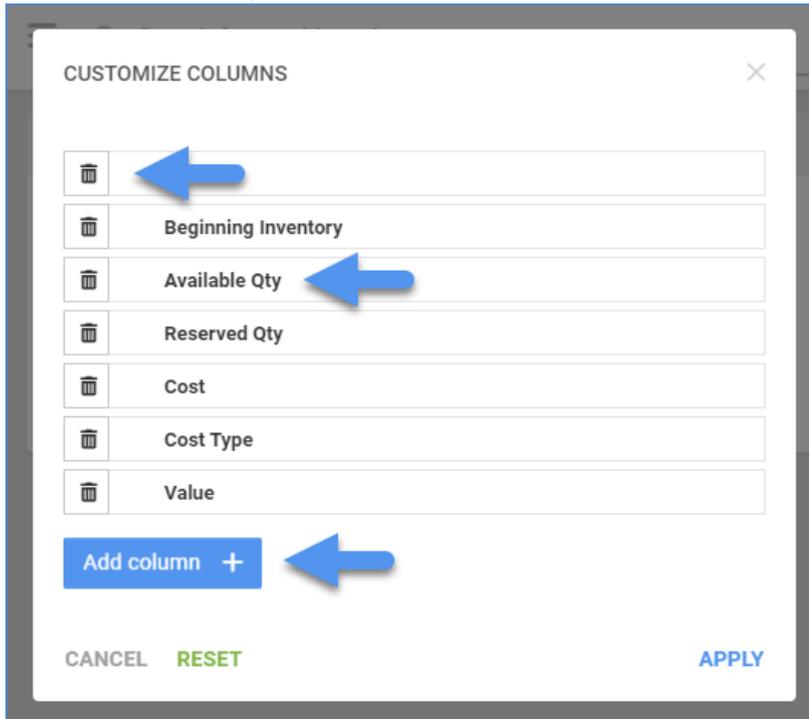

To use the report, follow these steps:

1. Navigate to **Reports > Inventory > Unsold Inventory Report**.
2. Set up the **Default** and **Custom filters** to have the report show precisely what you need.
3. Click **Search**. Each filter you apply gets highlighted in green. If a filter is gray or not displayed at all, it's not active.

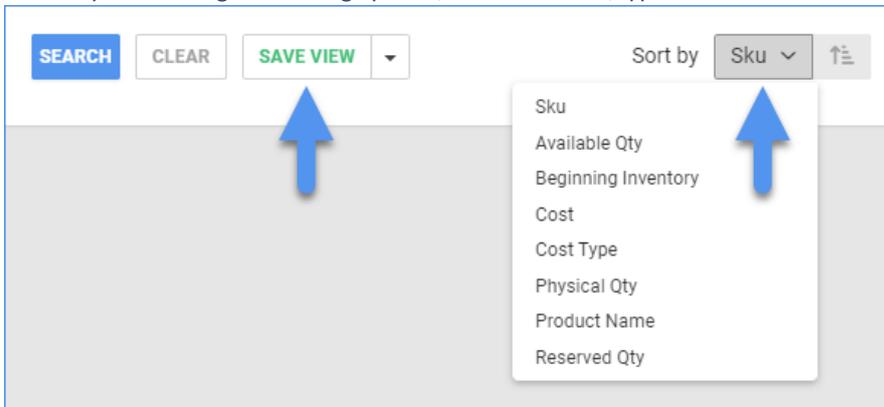

4. To manage the columns in the report, click the three dots icon on the top right and select **Customize Columns**. You can:
 - a. Reorder columns by dragging them up or down in the list;
 - b. Hide columns by clicking the **Trash** icons;

c. Add columns by clicking **Add column**.

5. To sort the data differently, use the **Sort by** menu.

6. To save your filtering and sorting options, click **Save view**, type a **Name** and click **Save**.

7. To export the full report to a spreadsheet, click **Actions** on the bottom right and select **Export to Excel**. Spreadsheets include all columns, including those hidden in the report.
