

Qty Sold by Warehouse

04/30/2025 3:26 pm CDT

Overview

In this article, you will learn about Sellercloud's **Quantity Sold By Warehouse** report. This report shows you how many units were shipped from each of your warehouses in a specific date range. It also provides information about the currently available and on-order inventory. You can see the following:

- **Product Information:** Product Name, SKU, ASIN, and Manufacturer.
- **Inventory Information:** On Order, Available Quantity, and Quantity Sold.

The inventory information in the report always reflects your current inventory, regardless of the selected date range.

- **Warehouse Information:** Product Quantity Sold Per Warehouse.

You can run this report automatically on a regular basis with [Scheduled Tasks](#).

For more information about Sellercloud's Financial Reporting Suite, see the [Reports FAQ](#).

Access and Customize the Report

To use the report:

1. Navigate to **Reports > Sales > Qty Sold By Warehouse**.
2. Select date filters – **Date Range** or **Date**.
3. Set up the **Default** and **Custom filters** to have the report show precisely what you need.
4. Click **Search**. Each filter you apply gets highlighted in orange, and after you click **Search**, it turns green. If a filter is gray or not displayed at all, it's not active.

5. To manage the columns in the report, click the three dots icon on the top right and select **Customize Columns**. You can:
 - a. Reorder columns by dragging them up or down in the list;
 - b. Hide columns by clicking the **Trash** icons;
 - c. Add columns by clicking **Add column**.

6. To sort the data differently, use the **Sort by** menu.

7. To save your filtering and sorting options, click **Save view**, type a **Name**, and click **Save**.

8. To export the full report to a spreadsheet, click **Actions** on the bottom right and select **Export to Excel**. You can also export to **CSV** or **PDF**. Spreadsheet exports always include all columns, even those hidden in the report's web UI due to the 13-column limit.
